Fine Bros prides itself on the fact that it has a team of the most dedicated and knowledgeable people in the industry working at the company, all of whom offer its clients phenomenal service with a quality product. As the driving force behind the company, the qualified team is set take Fair Bros on to further successes.

Distinguished relationships

From the beginning, Fine Bros has been one of the province's leading fruit and vegetable agents, has developed a reputable name in the industry and has formed relationships with many of its clients. Forming part of its great service is the fact that the company is available 24 hours a day, seven days a week, 365 days a year.

"The great thing about the market is the relationships that are formed. They cross all religions and colours," says Harry.

Some of Fine Bros' most valued clients, Banana Distributors, Moosa PTY (Ltd) and Allies Fruit Supply, have been with the company for many decades, proving the company's reliability.

Believing in providing the Western Cape with the freshest products, Fine Bros has key relationships with a host of farmers across the country. As well as giving its full support to local farmers, the company also imports out-of-season fruit from Spain, New Zealand and Italy.

Soaring to greater heights

As the company soars into its next 100 years of successful business, it promises to supply many across the country with the fruits of its labour, so to speak.
